To my father Charles Philip Sr, and my father-in-law P B Michael Handscomb, both of whom were thinking about and working to improve employee experience and people productivity decades before I took up the subject.

From the testimonials of those that worked with them, they both had a tremendous impact on the organizations and the people they led; I am grateful for this and for their input and inspiration, much of which I hope I have captured in this book.

CONTENTS

List of figures xi

Introduction 1

01 The future is more malleable than you think 7

- The emerging challenges facing organizations and people today 14
- The technology tsunami 17
- The shrinking workforce 18
- The stressed-out workforce 20
- The skills development treadmill (is speeding up!) 21
- The motivation and engagement gap 23
- The wrong people, wrong place, wrong time dilemma 25
- The avalanche of data dilemma 27
- The machines are coming (look busy!) 28
- The productivity paradox 31
- References 33

02 The productivity paradox: the peril and the promise 37

- The value of productive people 40
- Engaged people do more stuff, better 49
- Creating drive in the workforce 51
 - Autonomy 52
 - Mastery 56
 - Purpose 59
- Rewards re-invented 62
- Workforce employee experience and well-being 66
- Innovation: The engine driving engaged people and greater productivity 71
- References 76

03 People engagement, innovation, and performance – PEIP 81

- Work smarter, not harder – it's OK, really 85
 - Working smarter is doing more 86
 - Working smarter is not working to the deadline 88
 - Working harder can make you sick 89
 - Smarter data can be more insights 90
- The integrated human capital lifecycle is working uber-smart 92
- PEIP: Solving the productivity paradox for driving peak people performance 97
 - HR operating model 97
 - Tools and technology 101
 - Mindset, behaviours, and skills 104
- PEIP unpacked 110
 - Right people 110
 - Right skills 114
 - Skills forecasting – aka skills anticipation 117
 - Right place, right time (strategic workforce planning) 124
 - Right motivation 136
- PEIP – bringing it all together 139
- References 139

04 Turbo-charging the future 145

- Five trends to ride, now 145
- The ageing workforce is not ageing so fast anymore 147
- Gender balancing and the power of female/male co-leadership 151
- Create innovation with 'different brains' 154
- Harness the intelligence of the machines 160
- Digital at home, digital at work 168
 - An (abbreviated) history of the human resource information system (HRIS) 172
 - Fast forward to the modern HRIS of the 21st century 176
- Digital at work, finally! 177
- References 178

05 Making the case for change 181

- The optimists' case: it's a strong one 181
- What is an effective 'case for change'? 183

The human point of view	184
Technology	184
Economic viability	184
What do you want to do? Articulate your case for ‘why now?’	184
What outcomes are you seeking?	185
What are the pros and cons? Risks, challenges, opportunities	185
What is the business case? Qualitative and quantitative benefits	186
Who are your stakeholders? The decision makers	186
What is the cost of doing nothing? The monetary and opportunity costs of no change	186
What is your roadmap for change? Proposed options and scenarios to get from here to there	187
Identifying the benefits of PEIP	187
Simplification and modernization	188
Actionable Insights	189
Intelligent processes and technology	189
Employee engagement and experience	190
Total workforce management	190
Quantifying the value of PEIP: The business case	190
The PEIP business case: What does good look like?	191
Quantifying PEIP	195
Developing a roadmap: getting from here to there	198
Step 1: Programme vision	198
Step 2: The critical goals	198
Step 3: The implementation strategies	199
Step 4: The Tactics	199
Step 5: Potential roadblocks	200
Step 6: The milestones	200
Step 7: Management and accountability	200
Beating the transformation odds: key success factors	202
