

PREFACE

This book was edited by David Hayton for 30 years between 1975 and 2005. During that time he has seen the book through six editions, and has transformed it from a modest little book into a comprehensive and authoritative text on trusts and trust law. The book has been a pleasure to edit, and I have learned a great deal from the many people who have helped me over the years. I have now taken over as sole editor of this (31st) edition of the book, and I am very grateful to the many people who have helped me over the years.
