CHAPTER 1	
The 2018 OECD Interim Report	1
<i>Eric Robert</i>	
§1.01 Introduction	1
§1.02 The OECD/G20 BEPS Project and the 2015 OECD BEPS Action 1 Report	2
§1.03 Renewed G20 Interest and the 2018 OECD Interim Report	4
[A] Value Creation and Business Models	4
[B] Positive Impacts of BEPS Implementation	5
[C] Towards a Global Consensus-Based Reform of the International Income Tax System	6
[D] Interim Measures	7
[E] Beyond International Income Tax Rules	8
§1.04 The Road Ahead	8
CHAPTER 2	
The 'Genuine Link' Requirement for Source Taxation in Public International Law	9
<i>Juliane Kokott</i>	
§2.01 Introduction	9
§2.02 Definitions	10
[A] The Genuine Link under Public International Law	10
[1] The <i>Lotus Case</i> and the Principle of Territoriality	10

	[2]	The <i>Nottebohm Case</i> and the 'Genuine' Link	12
	[3]	The Reasonable Exercise of Jurisdiction	13
	[B]	Links/Nexus in Tax Law	15
	[1]	Residence Taxation	15
	[2]	Source Taxation	16
§2.03		The Genuine Link Requirement for Source Taxation	16
	[A]	Lack of Adequate Rules	16
	[B]	Virtual Establishments, Place of Consumption, and the Destination Principle	17
	[1]	Redefining Territoriality	17
	[2]	A Broader Understanding of Nexus	19
§2.04		The Future: Apportionment or Move Towards Indirect Taxation?	21
	[A]	Apportionment	21
	[B]	Move Towards Indirect Taxation	22
§2.05		Conclusions	23
CHAPTER 3			
EU and WTO Law Limits on Digital Business Taxation			
<i>Werner Haslechner</i>			
			25
§3.01		Introduction	25
§3.02		Digital Business Taxation Reform: Background	26
	[A]	Tax Policy Challenges Arising from Digitalization	26
	[B]	Tax Policy Responses	27
§3.03		EU Law Limits	29
	[A]	Limits on EU Member States	29
	[1]	Member States Legislative Competence	29
	[2]	Internal Market Rules	30
	[3]	Secondary EU Law	33
	[B]	Limits on the EU Legislature	36
	[1]	EU Legislative Competence	36
	[2]	Internal Market Rules	40
	[3]	Public International Law	41
§3.04		WTO Law Limits	43
	[A]	The WTO Legal Framework: Application to Tax Law	43
	[B]	Potential Application to Digital Tax Proposals	45
§3.05		Conclusion	47
CHAPTER 4			
Fairness of the Taxation of the Digital Economy			
<i>Gianluigi Bizioli</i>			
			49
§4.01		Introduction	49
§4.02		The (Slippery) Meanings of Tax Fairness	50

	[A]	Tax Fairness in the Economic and Legal Literature: A Review	50
	[1]	The Roots: The Principle of Tax Equality	50
	[2]	The Two Versions of the Benefit Principle	52
	[3]	The Ability-to-Pay Principle	55
	[B]	The International Scenario	57
§4.03		Tax Fairness and the Proposals for the Taxation of the Digital Economy	59
	[A]	The Meaning of Tax Fairness Raised by the OECD and EU Documents on Digital Economy Taxation	59
§4.04		Do the Proposed Solutions Comply with Traditional Concepts of Tax Fairness?	61
	[A]	Introduction: A Brief Summary of the Proposed Solutions	61
§4.05		Are the Solutions and the Proposals for Digital Economy Taxation Fair? A Preliminary Conclusion	63
§4.06		Conclusions	65
CHAPTER 5			
Tax Policy for the Digitalized Economy under Benjamin Franklin's Rule for Decision-Making			
<i>Andrés Báez Moreno &amp; Yariv Brauner</i>			
			67
§5.01		Introduction and Scope	67
§5.02		Describing the Proposed Tax Policy Options	71
	[A]	A New Tax 'Nexus' Concept: SEP	72
	[B]	A WHT on Certain Types of (Digital) Transactions	74
	[C]	A Digital Equalization Levy	75
§5.03		Our Proposal to Establish a Stand-Alone Gross-Basis Final WHT on (Cross-Border) Services in B2B Contexts	76
	[A]	A Stand-Alone Final WHT	77
	[B]	A WHT on (Cross-Border) B2B Services	77
	[1]	The Exclusion of Goods	77
	[2]	A Mere Reference to Services	79
	[3]	Cross-Border (or Also Domestic) Services	79
	[4]	Exclusion of B2C Services	81
§5.04		A WHT Solution Vis-à-Vis Other Policy Alternatives	82
	[A]	Design and Implementation Issues	83
	[1]	Definition and Control of Thresholds	83
	[2]	Profit Attribution	85
	[3]	Digital and Non-digital Transactions, B2B and B2C Transactions and Domestic and Cross-Border Transactions	87
	[a]	Digital and Non-digital Transactions	87
	[b]	B2B and B2C Transactions	88
	[c]	Domestic and Cross-Border Transactions	89

	[d]	Method of Taxation (Net Versus Gross Taxation)	90
	[e]	Compliance and Enforcement	92
[B]		Legal Consistency Issues	93
	[1]	Double Taxation Conventions (DTCs)	93
	[2]	WTO Law	96
	[3]	EU Law	97
§5.05		Conclusions	98
CHAPTER 6			
Equalization Taxes and the EU's 'Digital Services Tax'			
<i>Georg Kofler &amp; Julia Sinnig</i>			
§6.01		Introduction and Background	101
	[A]	Tax Challenges of the Digital Economy	101
	[B]	Potential Approaches: OECD and EU	106
	[C]	EU Directive Proposals: SDP and DST	110
§6.02		The Idea of Equalization Taxes: Assessment and Criticism	114
	[A]	Equalization Taxes in OECD BEPS Action 1	114
	[B]	Policy and Technical Challenges of Equalization Levies	117
	[1]	Broader Economic Risks and Challenges	117
	[2]	Necessary Design Features of Equalization Taxes	119
	[a]	Compliance with International Obligations (Tax Treaties, EU Law, and WTO Law)	119
	[b]	Temporary Nature of an Equalization Tax as an Interim Measure	122
	[c]	Targeted Scope of an Equalization Tax	123
	[d]	Minimizing Overtaxation	123
	[e]	Minimizing Impact on Start-Ups, Business Creation, and Small Businesses	124
	[f]	Minimizing Cost and Complexity	125
§6.03		The EU's DST	126
	[A]	Policy Objectives	126
	[B]	Legal Basis	127
	[C]	The DST's Characteristics	128
	[1]	Tax Rate, Taxable Persons, and the Tax Base	128
	[2]	Taxable Transactions and Place of Taxation	129
	[3]	Tax Collection and Enforcement	132
	[D]	DST Challenges and Practical Issues	133
	[1]	Incompatibility and Lack of Coordination with Existing Legal Frameworks	134
	[a]	Relationship with Double Tax Conventions: Double Taxation	134

	[b]	Interference with EU Law	136
	[c]	Interference with WTO Law	137
	[2]	Selected Policy Objections	137
	[3]	Broader Practical Issues	140
§6.04		Summary and Conclusions	143
CHAPTER 7			
Digital Permanent Establishments on Its Way to Becoming a Reality? The EU Commission's Proposal on Taxing 'Significant Digital Presence'			
<i>Peter Bräumann</i>			
§7.01		Introduction	147
§7.02		The Questionable Rationale Behind 'Digital PEs'	152
	[A]	The Changed Stance Towards 'Physical Presence': Still Physical after All	152
	[B]	Shifting Income Taxation to the Demand Side of Business Operations?	154
	[C]	'Value Creation' as Substantial Counterargument to Demand Orientation?	156
	[D]	The True Background: Tax Policy and the Sentiment of Revenue Lost by 'Importers' of Digital Services	160
§7.03		SDP: The 'Digital PE' as Concretely Proposed by the European Commission	162
	[A]	Legal Framework	162
	[B]	Territorial Scope	165
	[C]	Material Scope: 'Digital Services Through Digital Interfaces'	166
	[D]	Thresholds for Establishing a SDP	171
	[E]	Profit Attribution to an Established SDP	174
§7.04		Résumé	176
CHAPTER 8			
Tax Treatment of Digital Currencies			
<i>Michael Tumpel &amp; Johannes Kofler</i>			
§8.01		What Are Digital Currencies?	177
§8.02		The Blockchain Technology Behind Cryptocurrencies	179
§8.03		Questions Related to the Tax Treatment of Digital Currencies	183
§8.04		Digital Currencies as a Means of Payment	184
§8.05		Private Investments in Digital Currencies	185
§8.06		Verification of Transactions of Digital Currencies	185
§8.07		Mining of Digital Currencies	187
§8.08		Income Tax Questions	187
§8.09		Conclusion	188

CHAPTER 9		
Taxing Remote Digital Supplies		
<i>Marie Lamensch</i>		189
§9.01	'Digital Supplies': A Conceptual Challenge for the VAT System	189
§9.02	Electronically Supplied Services: EU VAT Directive Place of Supply and Related Collection Rules	193
[A]	B2B Electronically Supplied Services	193
[1]	Destination-Based Taxation and Reverse Charge	193
[2]	Customer Identification	194
[3]	Customer Location	196
[4]	Changes to Come with the Adoption of the E-Commerce Package?	198
[B]	B2C Electronically Supplied Services	199
[1]	Destination-Based Taxation and the MOSS System	199
[2]	Customer Location	201
[3]	A Deeming Provision for Platforms	203
[4]	Changes to Come with the Adoption of the E-Commerce Package?	206
[a]	An 'E-Commerce Package for All B2C E-Commerce Transactions'	206
[b]	Availability of the Non-union Scheme for Non-EU Suppliers with an EU VAT Number	207
[c]	A First Threshold of EUR 10,000 (as of 2019)	207
[d]	Home Country Rules for Invoicing and Record-Keeping	208
[e]	Relaxed Customer Identification Requirement below a Second Threshold of EUR 100,000	208
[f]	Longer Deadlines to Submit MOSS Returns and Easier Procedure to Correct VAT Returns	209
[g]	Final Comments on the E-commerce Package	209
§9.03	Electronically Supplied Services: EU VAT Directive Provisions on Reduced Rates and Recent EC Proposal	209
[A]	Current Rules	209
[B]	EC Proposal: Possibility to Apply Reduced Rates in the Future?	212
§9.04	Conclusions and Final Comments	213
CHAPTER 10		
The Taxation of the Sharing Economy		
<i>Katerina Pantazatou</i>		215
§10.01	Introduction	215
§10.02	What Is the Sharing Economy?	216
§10.03	Taxing the Platform and the Service Providers: Recurring Issues	218

[A]	The Platform	219
[1]	VAT	220
[2]	Enforcement/Collection	222
[B]	The Service Provider	224
[1]	Legal Relationship	226
[2]	VAT	227
[3]	What Kind of Taxes?	230
[4]	Enforcement/Collection	231
[5]	Effective Lower Taxation?	232
§10.04	The 2018 EU Proposals	234
§10.05	Conclusion	235
CHAPTER 11		
Effective Taxation Versus Effective Data Protection?		
<i>Viktoria Wöhrer</i>		237
§11.01	Introduction	237
§11.02	Ensuring Effective Taxation: Increasing Data Collection	240
§11.03	Taxpayers' Rights in the Area of Exchange of Information	243
§11.04	Data Protection in the EU	245
§11.05	Scope of EU Data Protection Safeguards	246
§11.06	Requirements Stemming from EU Data Protection	248
[A]	Requirements under Article 8 ECHR	248
[B]	Requirements under Charter Article 8 and the GDPR	249
[1]	Lawfulness, Fairness and Transparency	249
[2]	Purpose Limitation	250
[3]	Data Minimization	251
[4]	Accuracy	254
[5]	Storage Limitation	254
[6]	Integrity and Confidentiality	256
§11.07	Procedural Rights Stemming from EU Data Protection	256
[A]	Right to Be Informed about Exchange of Information	256
[B]	Right of Access to the Data	259
[C]	Right to Rectification and Erasure	259
§11.08	Conclusion	260
CHAPTER 12		
Digitalization and the Future of National Tax Systems: Taxing Robots?		
<i>Joachim Englisch</i>		261
§12.01	Introduction	261
§12.02	Robots as Taxable Persons	264
[A]	Income Tax	264
[B]	Value Added Tax/Goods and Services Tax	267
§12.03	Taxing the Use of Robots	267

[A]	As a Fiscal Substitute for Wage and Payroll Taxes	267
[1]	... Justified as a Tax on Imputed Income?	268
[2]	... Justified as an Equalization Levy?	269
[3]	Restraints Imposed by International Tax Competition	271
[B]	As an Optimal Income Redistribution Instrument?	273
[C]	As a Pigouvian Tax	274
§12.04	A Common Challenge: Defining the Scope of a 'Robot Tax'	277
§12.05	Other Tax Implications of the Increasing Use of Intelligent Robots	278
§12.06	Conclusions	279
CHAPTER 13		
Big Data in Tax Collection and Enforcement		
<i>Tina Ehrke-Rabel</i>		
§13.01	Introduction	283
§13.02	Tax Collection and Enforcement	286
[A]	Information Asymmetry and Personal Autonomy	286
[B]	Traditional Tax Collection and Enforcement	288
[C]	Change of the Game: New Tools	290
[D]	Legal Constraints of Tax Collection and Enforcement	294
[1]	Rule of Law	294
[2]	Right to Respect for Private and Family Life and Correspondence	295
[3]	Right to Protection of Personal Data	297
[4]	Rights of the Defence	298
[E]	Conclusion	299
§13.03	Big Data Analytics in Tax Matters	300
[A]	Definition of Big Data	300
[B]	Purpose, Use and Benefits of Big Data	301
[1]	Purpose	301
[2]	Use of Big Data	302
[3]	Benefits of Big Data	303
[C]	Big Data in Tax Matters: Really in Use?	303
§13.04	Legal Concerns	305
[A]	Introduction	305
[B]	The OECD's Vision of Big Data Benefits in Tax Matters	305
[C]	Position 1: Big Data Analytics Do Not Raise Any Legal Concerns	307
[D]	Position 2: Big Data Analytics Raise Legal Concerns	309
[1]	Concerns Related to the Technical Functioning of Big Data Algorithms	309
[a]	Preliminary Remarks	309
[b]	Technical Specificities of Big Data Algorithms	309
[c]	Prediction	310
[d]	Opacity	311

[e]	Algorithms Magnify Programmed Biases	311
[2]	Input Data-Related Concerns	312
[a]	Origin of the Data	312
[b]	Accuracy of the Data	312
[c]	Cross-Checking of Data	313
[3]	Concerns Related to the Psychological Impact of Big Data Algorithms	313
[4]	Conclusion	314
§13.05	Legal Actions To Take	315
[A]	Introduction	315
[B]	Rule of Law, Principle of Equality, Rights of the Defence	315
[1]	Basic Requirements on Big Data Analytics	315
[2]	Origin of the Data	316
[3]	Accuracy of the Data	316
[4]	Procedural Regularity	318
[C]	Privacy	319
[1]	Preliminary Remarks	319
[2]	Taxpayer Monitoring	320
[a]	Justifying Interferences with the Right to Privacy in General	320
[b]	Legitimacy of Taxpayer Monitoring	320
[c]	Secret Surveillance for Tax Purposes?	322
[d]	Conclusion	325
[3]	Taxpayer Profiling and GDPR	325
[a]	Big Data Analytics as Taxpayer Profiling	325
[b]	Rights and Obligations with Regard to Profiling	325
[c]	Limitations	326
[d]	Conclusion	327
[D]	Conclusion	328
§13.06	Use and Purpose of Tax Big Data Analytics	328
[A]	Data Storage	328
[B]	Real-Time Monitoring Through IoT	328
[C]	Audit Selection	329
[D]	'Targeted Advertising' of Taxpayers	331
[1]	By Nudges	331
[2]	By Legal Statutes	332
§13.07	Final Conclusions	333
Index		335
